

### **Love Sports Covid 19 Action Plan**

- All Players/Guardians/Officials must use a face covering while watching the games and walking to and from fields. With the exception of when players are warming up or playing in the game.
- Each Player is allowed to have one family member or guardian with them at the Tournament/Event
- Anyone at the Tournament/Event who starts to exhibit Covid symptoms while at the Tournament/Event must exit the facility immediately.
- We will limit the interaction of team to team. We will remove the team cheer and hand shake after each game. Team benches will be removed.
- We will not let teams enter the bench area until the team before has completely left the bench area. Each team huddles will have to be spread out (6ft). No Team high five, or team cheers will be permitted.
- No team tents will be allowed on the grounds of the tournament and no tailgating will be allowed in the parking lot.
- Players must stay in the car until 45 minutes before games. Players can then exit to warm up with the team. Parents/Guardians can exit the car a few minutes before games.
- Players, Coaches, and fans will not be able to touch the ball. You must use your stick.
- There will not be any public water fountains on the site or fields. No sharing water bottles or cups with anybody
- On the sidelines, we recommended that all attendees maintain 6 feet of distance between non-family members and wear face coverings at all times.
- Players, Coaches, Fans, and Staff will be encouraged to frequently wash their hands and use sanitizer. Please avoid touching your face. There will be hand washing and sanitizer stations available on the site.

- We strongly encourage our athletes, fans, coaches, and vendors to stay home if they are experiencing any symptoms listed on the CDC website. If you have tested positive for covid-19 in less than 14 days of a given event or have been exposed to someone who has tested positive for covid-19 in less than 14 days of given event **please stay home.**
